## **ZSA SALE INSPECTIONS**

### **TIMES OF ENTRY AND INSPECTION**

All sheep must be presented for inspection on the morning of the sale from 9 am

### **INSPECTION PROCEDURE**

All sheep must be presented for inspection in the marked area.

ALL female sheep that are rejected by the Inspector(s) will be marked on the back or rump and will be sold in catalogue order. If a vendor declines to have his/her sheep so marked they must be removed from the market.

All Male sheep that fail the inspection either on markings or inspection must be removed from the sale.

The Association expressly forbids the use of OP dips or other noxious substances within the sale area or prior to the sale.

Any sheep which is found to have had its fleece coloured artificially, or trimmed to camouflage or hide any white markings will result in the whole of that vendors run of sheep being barred from that sale, any other official sale for 12 months hence, as well as any other disciplinary action Council renders fit upon report by the Inspectors.

### **INSPECTION**

At all official sales the Association shall appoint an Inspector who shall consider the points below. The associations Inspector is empowered to disbar any animal from the sale which does not comply with any of the matters contained in clauses 1 to 4 listed below.

1. That the animal's identification is as required by legislation and the association and corresponds to the ear number as entered for sale. Animals without the correct identification will be rejected from the sale.
2. The animal is not suffering from any infectious or contagious disease.
3. All Rams must have two adequately sized testicles of approximately the same size and normal consistency.
4. That the animal is of a quality commensurate with the level set by the Association and is of adequate weight for the age and shows no malformation in structure.

The inspector shall consider the following points and is empowered to either disbar the animal from the sale or alternatively any faults found by the inspector shall be declared to the auctioneer who shall announce these at the time of sale.

1. The teeth of the animal are in the correct position.
2. There is no abnormal deviation in the structure of feet and/or legs.
3. Ewes shall be sound in udder

***Please consult the Rule Book in respect of teeth, feet (pasterns) and Ram markings. All rams that fail either on markings or inspection must be removed from the sale***

The Inspectors decision shall be final and binding to all concerned and neither the Inspectors, the Association, nor the auctioneers shall be liable to the owners of such animals or any other person or company for damage or any loss arising out of such rejection.

Inspection is a condition of entry of the Association and compliance with this inspection shall in no way form a guarantee to the purchaser of the animals so inspected.

Breeders are also reminded that although the Association welcomes the presentation of untrimmed sheep at Association events, they should be presented clean and tidy.

**Summary;**

- a) Only animals seen by the inspectors may be shown or sold
- b) Vendors will be told that their animal has either failed or passed inspection
- c) Rams that fail on markings cannot be sold through the ring
