GENERAL INFORMATION

Conditions of Sale:

The Sale is subject to the LAA Conditions of Sale in addition to the Auctioneers General Conditions of Sale, the Ram Sale Bye-Laws and the Rules and Regulations of the Zwartbles Sheep Association.

Method of Sale:

All sheep will be sold in guineas and in catalogue order unless any alteration is authorised and announced by the auctioneers. The guinea will be taken by the Auctioneer and an association levy of 1% will be charged on all sheep sold.

Trading Terms:

New buyers or buyers who have not bought at recent sales must have supplied Bankers References before bidding.

Settlement and Clearance of Stock:

Settlement in full is due to the Auctioneers immediately at the close of the sale. No animals will be permitted to leave the premises without an official pass obtainable on settlement.

Pedigree Certificates:

Pedigree Certificates and Transfers will be dealt with by the Auctioneers and the Association following the sale.

Inspections:

All Sheep will be sold subject to an inspection on the day of the Sale by an inspector appointed by the ZSA Council. The decision of the Inspector will be final and any female animal that fails will be marked and may be sold in catalogue order. If the vendor refuses to have the rejected sheep marked then it will be removed from the sale and forfeit the entry fee.

Numbering:

All entries must be identified by their catalogue number by means of a neck card which will be provided. This must stay with the sheep at all times.

Movement Licences:

Vendors are responsible for obtaining a movement licence to bring sheep to the sale. All sheep must have ear tags that comply with current ministry regulations

Scrapie Genotype Results:

This catalogue lists the Scrapie Genotype results where official written confirmation has been provided.

Whilst the Association will make all possible effort to provide purchasers with the correct information, they can in no way be held responsible for any error or omission of information

ZSA SALE INSPECTIONS

TIMES OF ENTRY AND INSPECTION

All sheep must be presented for inspection on the day of the sale between the times of 3pm and 4.45pm

INSPECTION PROCEDURE

All sheep must be presented for inspection in the marked area.

Female sheep that are rejected by the Inspector(s) will be marked on the back or rump and will be sold in catalogue order. If a vendor declines to have his/her sheep so marked they must be removed from the market. Male sheep that are rejected by the Inspector(s) will be excluded from the sale.

The Association expressly forbids the use of OP dips or other noxious substances within the sale area or prior to the sale.

Any sheep which is found to have had its fleece coloured artificially, or trimmed to camouflage or hide any white markings will result in the whole of that vendors run of sheep being barred from that sale, any other official sale for 12 months hence, as well as any other disciplinary action Council renders fit upon report by the Inspectors.

INSPECTION

At all official sales the Association shall appoint an Inspector who shall consider the points below. The associations Inspector is empowered to disbar any animal from the sale which does not comply with any of the matters contained in clauses 1 to 4 listed below.

1. That the animal's identification is as required by legislation and the association and corresponds to the ear number as entered for sale. Animals without the correct identification will be rejected from the sale.
2. The animal is not suffering from any infectious or contagious disease.
3. All Rams must have two adequately sized testicles of approximately the same size and normal consistency.
4. That the animal is of a quality commensurate with the level set by the Association and is of adequate weight for the age and shows no malformation in structure.

The inspector shall consider the following points and is empowered to either disbar the animal from the sale or alternatively any faults found by the inspector shall be declared to the auctioneer who shall announce these at the time of sale.

1. The teeth of the animal are in the correct position.
2. There is no abnormal deviation in the structure of feet and/or legs.
3. Ewes shall be sound in udder

Please consult the Rule Book in respect of teeth, feet (pasterns) and Ram markings. Rams that fail either on markings or veterinary inspection must be removed from the sale.

All Rams must conform to the breed standard of uninterrupted and reasonably straight blaze, two to four white socks, two of which must be on the hind legs, discernible white tip on the tail which must not exceed more than 1/2 the way up its length and no white in the fleece, ears or belly.

The Inspectors decision shall be final and binding to all concerned and neither the Inspectors, the Association, nor the auctioneers shall be liable to the owners of such animals or any other person or company for damage or any loss arising out of such rejection.

Inspection is a condition of entry of the Association and compliance with this inspection shall in no way form a guarantee to the purchaser of the animals so inspected.

Breeders are also reminded that although the Association welcomes the presentation of untrimmed sheep at Association events, they should be presented clean and tidy.

Summary;

- a) Only animals seen by the inspectors may be shown or sold
- b) Vendors will be told that their animal has either failed or passed inspection
- c) Rams that fail on markings cannot be sold through the ring

DISPLAY OF ROSETTES/PERFORMANCE DATA

Only Rosettes or cards won at the sale in which the animal is present may be displayed, along with standardised authentic Signet information

Please refer to the Year Book for the complete set of Rules for the Zwartbles Sheep Association.
